

## Supporting the Government

This is a time for every citizen to support the United States Government, and many are doing so at considerable cost or sacrifice to themselves.

We are members of Federal Reserve Banking System established by the Government to give greater financial stability and strength to the member banks and protection to their depositors.

You can give your support to this great Government enterprise and also obtain its protection for your money by becoming one of our depositors.

Send for Booklet, "How Does it Benefit Me?"

### Here Is Something For All The People Who Wear Shoes or Boots

When ever your Shoes or Boots need repairing bring them to me at my news stand or my shop south of Four Point School; or send them by Parcel Post to Quick Shoe Repair Shop, Tucumcari, New Mexico, then you will get all the good out of your shoes or boots for you will have first class material and workmanship on it, not botch work.

There is no use kicking and crying over other fellows shoe repair work before me after they have damaged the shoes and get you support; see me first and save the shoes, money and time.

Respectfully yours,

**George Roklizer**

## GRANT SIX \$1095

### Admired Everywhere

WHY not own a car that you'll never feel called upon to apologize for, when you ask your friends to ride with you?

If you own a GRANT SIX you own a better-looking car than 90 per cent of the cars you'll meet or pass. You own a car that doesn't "cut up" without warning, and a car that doesn't take all the joy out of life when you figure up the gasoline, oil and tire bill.

Always ready when you want it, full of snap on the road, with plenty of power for a burst of speed or a long, hard pull on the hills, your GRANT SIX gives you at a minimum cost about all that you can get in the way of motor car service and satisfaction.

You should buy the GRANT SIX not because its price is low, but because you can get very little more real service no matter how much more you pay.

Of course a car of GRANT SIX merit is in greater demand than the output will supply.

Get yours NOW.
